

The Paducah Sun.

VOL. XVII. NO. 209.

PADUCAH KENTUCKY, THURSDAY EVENING, AUGUST 31, 1905.

10 CENTS PER WEEK

TREATY NOT READY BEFORE TUESDAY

President Roosevelt Will Not Witness the Signing.

M. Witte is to Be Made a Count by the Czar of Russia For His Services.

WORKING HARD ON THE TREATY

Portsmouth, Aug. 31.—More time will be required to draw a rough draft of the peace treaty than at first expected, and it is announced this morning that the draft may not be ready to submit to the envoys before Tuesday.

President Not to Witness Signing.

Oyster Bay, Aug. 31.—Secretary Loeb announced today that President Roosevelt would not go to Portsmouth or anywhere else to witness the signing of the peace treaty. It will be signed wherever the envoys meet and it will not be necessary for the president to attend the ceremony.

Russia in Bad Straits.

St. Petersburg, Aug. 31.—One of the most prominent officials of Russia said to your correspondent today, "Russia needs every penny she can get to restore the financial balance. The outside world has no idea how terrible the strain of the war has been upon the Russian exchequer. Arriving disorders are assuming enormous proportions, and the starvation of millions of peasants is imminent. Russia has spent very large sums in relief work to prevent an uprising during the winter."

Russia Will Travel Again.

St. Petersburg, Aug. 31.—A sensation has been caused by an article which appeared in the Novoye Vremya today, written by Editor M. Kovorin, in which he declares that Russia accepted the peace terms offered by Japan only as a temporary measure. Russia will then "travel again," he says.

Last of the War.

St. Petersburg, Aug. 31.—A dispatch from Lidsiapudze contains the details of what will probably be the last engagement of the war. This encounter took place on August 28, and resulted in an advantage to the Russians who took 150 prisoners. A number of Japanese were killed. The Russian losses were eight killed. A remnant of the Japanese retired bearing their wounded.

Cabled Congratulations.

Christiana, Norway, Aug. 31.—The Nobel Peace prize committee cabled President Roosevelt congratulations on his work for peace of the world and for humanity.

May Get Nobel Peace Prize.

Carlsbad, Aug. 31.—The Associated Press has the highest authority for stating that there is a strong probability that President Roosevelt will receive the Nobel Peace Prize next year.

More Details of Terms.

Portsmouth, N. H., Aug. 31.—The Associated Press is able to give additional and interesting, as well as important details in regard to conditions of peace.

The most important of all is the fact that the formal recognition of Japan's possession of the Chinese Eastern railroad below Kuenchengtze involves the payment by Russia to China of about \$75,000,000. This is the Chinese interest in the road and for it China must be remunerated. The question of ultimate possession of the road is a matter to be settled between Japan and China. Japan can keep the road or surrender it to China, demanding in return, the money paid by Russia to China. If she elects the latter course Japan will, therefore, obtain an indirect "spoils of war" from Russia, the above mentioned sum, in addition to reimbursement for the cost of maintaining the Russian prisoners.

Another important provision is that Japan's succession to Port Arthur and Liau Tung, leases which Russia surrenders, is conditional upon China's assent.

It Is to Be "Count" Witte.

St. Petersburg, Aug. 31.—It is stated that the czar intends to reward Witte, the ranking Russian plenipotentiary at the Portsmouth peace conference for his services in bringing the war to a termination, by conferring the title of count upon him.

Emperors Must Sign.

Portsmouth, Aug. 31.—The fact is

just discovered that neither the czar of Russia nor the emperor of Japan has yet approved the peace agreement. This official sanction must be obtained before the protocol of the last meeting is signed, or final action taken upon the treaty being drafted.

Interned Ships Go Back to Russia.

New York, Aug. 31.—The interned warships for which Japan has waived her claim and which will be returned to Russia are: The battleship Czarovitch, at Tsingtau. The cruiser Askold, the gunboat Mandjur and the torpedo boat destroyer Grozovoi, at Shanghai. The cruiser Diapa, at Saigon, French Indo-China. The cruisers Aurora, Oleg and Jemtechug, at Mailla. The cruiser Lena, at Mure Island, San Francisco Bay.

The Czar Commands.

Oyster Bay, Aug. 31.—President Roosevelt today received a telegram from the czar warmly commending him for his action in bringing about peace. "My country will greatly recognize the Great Part you have played in the Portsmouth peace conference," said the czar.

PARLOR CAR PORTER

INSTANTLY KILLS ONE AND BADLY WOUNDS ANOTHER.

Drunk Men Attempted to Have Trouble on Henderson Route Train.

Louisville, Ky., Aug. 31.—Alfred May was instantly killed and William Blain was seriously injured as a result of a fight on train No. 44, of the Henderson route, at 6:30 o'clock last night.

John Heullank, colored, porter of the parlor car, is held in the county jail at Henderson charged with the shooting.

It is said that Ray and Blain with five other men, were under the influence of liquor. They boarded the train at Hawesville, Ky., intending to go to their homes in Stephensport. They started trouble at once, and finally attacked the negro porter with knives, when the shooting resulted.

GUT WRONG MEDICINE.

And W. C. Boland Is Dead and His Mother Will Die.

Prairie Du Chien, Wis., Aug. 31.—Will C. Boland, aged 13, of Seale, is dead, and his mother is in awful agony as a result of administration of dose of corrosive sublimate instead of cream of tartar by mistake.

Collects \$2,000 From Equitable.

Mr. F. G. Rudolph, administrator of the late H. A. Rose, this morning collected \$2,000 from the Equitable company, the first life insurance collected out of the entire \$29,000.

GUNBOAT PADUCAH FINISHES TRIAL TRIP—IS A FAST VESSEL.

New York, N. Y., Aug. 31.—Having finished her trial trip, in which every requirement was made, the gunboat Paducah reached the Brooklyn navy yard this afternoon.

She will remain there until fitted out and provisioned for regular service.

The commanding officer and crew are to be assigned at once. The Paducah will, it appears, be swifter than her sister, The Dubuque, and is one of the swiftest gunboats of the new type in the navy, if not the very swiftest.

The Dubuque is to go to Dubuque, Iowa, in the fall, and may come to Paducah, giving Paducah people a chance to see a counterpart of the vessel bearing the name of their city.

STATE BOARD NAMES THE COMMISSIONERS

Election Boards Named for the Counties of Kentucky.

The Names of the Men Appointed For Counties in This End of the State.

1 DEMOCRAT, 1 REPUBLICAN.

Frankfort, Ky., Aug. 31.—The following Western Kentucky county election commissioners were named by the state board. First named are democrats, and second named are republicans:

Ballard, D. J. Henley, W. L. White, Warren, C. H. Hatchett, W. H. Jones, Butler, W. W. Gore, E. B. Neel, Caldwell, R. H. Akin, L. F. Sassen, Calloway, K. Robertson, E. D. Harr, Christian, L. C. Cravens, J. M. Stalling, Crittenden, C. S. Nunn, W. B. Yandell, Cumberland, H. L. Cartwright, J. H. Myers, Davies, Blank, R. W. Slack, Franklin, Howard Johnson, C. C. Furr, Fulton, W. C. Johnson, Geo. T. Headley, Graves, W. S. Cook, J. C. Cartwright, Grayson, J. S. Wortham, J. H. Rice, Green, J. L. Wilson, U. G. Hamilton, Hancock, W. W. Taber, W. D. K. own, Hardin, Geo. K. Hoibert, M. W. Barnes, Hart, Blank, J. B. Duggins, Henderson, Jas. W. Clay, J. F. Lockett, Hickman, W. R. Hicks, E. E. Reid, Hopkins, Blank, T. W. Gardiner, Logan, Allie Fugate, J. W. Porter, Lyon, W. O. Gray, A. C. Ramey, Marshall, Blank, John W. Kinney, McCracken, L. B. Ogilvie, W. H. Farley, McLean, R. M. Kincheloe, E. B. McEwen, Metcalf, L. Roston, J. U. Young, Monroe, Sam L. Gill, J. H. Newman, Muhlenberg, T. B. Pennell, H. H. Lyon, Ohio, H. E. L. Simmerman, E. P. Taylor, Taylor, John T. Moss, M. G. Steger, Todd, William Wilson, J. A. Kiley, Trigg, E. E. Wash, J. T. Tooke, Union, Blank, J. A. Sigler, Warren, E. D. Rose, W. R. Speck, Weisner, W. E. Bourland, W. J. Wilkey.

SEVERAL SHOCKS.

Felt at Portsmouth, Which Is Getting a Little of Everything.

Portsmouth, Aug. 31.—A series of earthquake shocks, the most severe ever experienced in this section, were felt here yesterday afternoon. Buildings trembled perceptibly, dishes were shaken from shelves and in many cases people rushed in terror from their houses into the street. There were three distinct shocks, and in each instance tremor was accompanied by sound like distant explosion. Shocks were felt along the entire New Hampshire coast line. In the business section of the city shoppers rushed out into the streets, believing the buildings were about to collapse. Each of the shocks continued several seconds.

DEATH NEAR MASSAC.

Mr. H. L. Foster, a Victim of Congestion.

Mr. R. L. Foster, a prominent resident of the Massac section, died at 5:50 this morning at his home, of congestion of the lungs after a lingering illness.

The deceased was 72 years of age and born in Prince Edward county, Virginia. He had been a resident of this state, however, the greater part of his life. He leaves a wife and 12 children, and the funeral will be conducted tomorrow by the Baptist minister, the deceased having been a member of the Baptist church, interment at Williams cemetery.

Battleship Vermont Launched.

Quincy, Mass., Aug. 31.—The battleship Vermont was successfully launched today in the yards, for the River Ship Building Co. It was christened by Miss Jennie Ball, daughter of the governor of Vermont. The Vermont is one of the largest and most powerful battleships yet laid down for the navy.

THE ENCAMPMENT NEARING A CLOSE

General Reports Being Made up by Officers Today.

Rivalry Between Henderson and Hopkinsville in Furnishing Orderlies.

NOTES OF THIRD REGIMENT

The Third regiment will break camp Saturday night and depart on a special train at 10 o'clock.

The general officers have been very busy all day working on the general reports of the camp to be prepared incidental to the winding up of the camp business.

Capt. Ed Young, Co. E, Madisonville, is officer of the day; Lieut. F. H. Merriam, Co. D, officer of the guard. The latter was also instructor of the guard at guard mount this morning.

Co. E, of Madisonville, is at the rifle range today.

The regimental officers are at the revolver range this afternoon.

Tomorrow there will be a shooting match at the rifle range, the best shots in the camp being the contestants. They will shoot five shots at 500 yards range.

Col. Ayres paid off the staff officers yesterday, the payroll amounting to \$3,907.49.

Co. D, of Hopkinsville and Co. B, of Henderson, have had a good deal of rivalry for the appointments of the orderlies. Co. D has had six men to serve as orderlies, one a day average, and Co. B four. The orderlies are selected each day from the best drilled and appearing boys and it is quite an honor for the privates, Robert Philley, and Private Merritt, a former Paducah boy, are orderlies today. Merritt has served twice.

Col. A. D. Martin, president of the Frankfort's most prominent citizens and business men. His position as head of his company pays him a salary of \$25,000 a year.

A guard was placed around the refreshment stand of the Greek at the stand at the park entrance. The Greek has been selling soft drinks which Col. Gaines says are no more than intoxicants, and was warned if he persisted in it, a guard would be thrown around the place and no soldiers permitted to patronize it.

Dress parade continues to attract big crowds.

Private W. Warren, of company B, Henderson, was taken home this morning as he was suffering from organic heart trouble. He was expected to die at any minute last night.

CAPT. LUCIEN YOUNG.

Must Stand a Court Martial for Bennington Disaster.

Washington, Aug. 31.—Secretary Bonaparte acted upon the findings of the court of inquiry in the case of the Bennington explosion. He disapproved of so much of the findings as declare that the Bennington was "in an excellent condition" at the time of the explosion, and is particularly severe in his comment upon the failure of the officers to look after the safety valves.

The secretary further says that the court of inquiry's failure to make any finding respecting the captain of the ship, Lucien Young, does not meet his approval, and he therefore declares that to clear himself Capt. Young must appear before a court-martial. Ensign Charles T. Wade, who was in charge of the machinery, is also ordered before a court martial.

CRIMINAL NEGLIGENCE.

Is Alleged Against a New York Contractor.

Albany, N. Y., Aug. 31.—John Meyer, Jr., a contractor, was arrested and Clark L. Daggett, his superintending architect, ordered arrested on the charges of manslaughter and criminal negligence, in connection with the collapse on August 8, of the central portion of the department store building of the John G. Myers company, which resulted in the death of thirteen and the injury of upwards of 40 others.

500 PRINTERS

Have Gone On a Strike in Chicago Establishments.

Chicago, Ill., Aug. 31.—About five hundred printers are on a strike here. President Wright, of the printers, says that seven firms agreed to the terms of the union.

The strike is one of compositors in all shops of the Typothetae where the employers refuse to enter into a truce in the Typographical union's contest for an eight-hour workday.

STEAMER FROM COLON.

Arrives on First Trip—Brings Man on Secret Mission.

New York, Aug. 31.—The railroad company's steamer Havana arrived today from Colon on her first trip in this service. Among the passengers was Illeanora Decharrio, candidate for the presidency of the republic, who said he came to see President Roosevelt on a secret mission.

LOSS \$300,000.

From Fire at Newport, Washington, Last Night.

Newport, Wash., Aug. 31.—Fire destroyed three million feet of lumber, and twenty-five houses, at Priest River, Idaho. Loss three hundred thousand dollars.

LEFT OUT ONE WORD

AND IT WILL RESULT IN MUCH DELAY, OR CONSIDERABLE COST.

The Aldermen Decide the Ordinance Must Say "General Council," Instead of "Council."

Leaving out one word in the quarantine ordinance passed twice by the council and once by the aldermen, makes it necessary for it to be passed over again by the council, which will cost \$72 extra for special sessions, or else will result in considerable delay.

In the ordinance passed twice by the councilmanic board, it is stipulated that the "council" shall fix the number and salaries of the quarantine inspectors.

Last night the aldermen decided that "council" was not specific enough, and inserted the word "general," making it "general council," and then passed the ordinance. It is now necessary for the aldermen to pass it again, and for the councilmanic board then to pass it twice again. Either the city must wait for regular meetings for this to be done, two weeks apart, or hold called sessions at \$36 a meeting.

HEAT PROSTRATION.

Pilot Boyce Berryman Overcome at Fourth and Broadway.

Mr. Boyce Berryman, the well known steamboat pilot, was prostrated by heat near Broadway on South Fourth street this morning about 11 o'clock.

The young man has been ill and was weak. He came to town this morning and becoming too hot, fell in a faint. He was picked up by officers and taken to his home in Mechanicsburg.

MAYFIELD CARRIERS

Were Recommended by Congressman James.

Says a Washington dispatch: Representative and Mrs. Ollie M. James passed through Washington today after several weeks spent on the Great Lakes. Mr. James was a caller at the postoffice department, where he recommended carriers for the Mayfield city delivery. An inspector is now in Mayfield to make a report on the city delivery service.

LAND LEAVES.

Popular Paducah Catcher Goes to Toledo.

Grover Land, catcher for the Paducah Indians, this morning received a message from Ed Grillo, manager of the Toledo team, instructing him to report to the team at St. Paul and Land left at noon for that city to join and fill out the remainder of the season with the Toledo team.

FEWER DEATHS IN INFECTED REGION

The Number of Cases in New Orleans Decreases.

Doctors Are Among the Stricken—People of Some Cities Are Buying by Mail.

A VERY HOPEFUL OUTLOOK.

Report to 6 p. m. yesterday: New cases, 46. Total to date, 1,878. Deaths, 4. Total to date, 271. New foci, 13.

The Situation Better.

New Orleans, Aug. 31.—The yellow fever situation is more encouraging this morning, largely due to the small number of deaths, and new cases reported yesterday.

About sixty cases are under treatment at Kenner and Hanson City. The people of St. Francisville held a meeting and decided to buy all goods through the mails and requested traveling men not to come there.

Doctors Stricken.

New Orleans, Aug. 31.—Among the list of stricken yesterday were two physicians, making four in all who have succumbed. The last victims are Dr. J. T. Wolf and Dr. L. A. Mereoux, health officer of the St. Bernard parish. Both were undoubtedly infected by stegomyia while moving their patients.

In Vicksburg.

Vicksburg, Miss., Aug. 31.—Dr. John Gutierrez of the public health and marine hospital service yesterday afternoon reported two positive cases of yellow fever in Vicksburg. Sickness is of very mild type.

Troops for Gulfport.

Jackson, Miss., Aug. 31.—Additional state troops were sent to Gulfport today to assist in maintaining strict coast and river quarantines.

JEWELRY THEFTS.

Charged Against a Drummer of Chicago.

Chicago, Aug. 31.—Charged with stealing diamonds and jewelry valued at \$12,000, Son Ciro, a traveling salesman for a jewelry firm here was arrested today.

Ciro has been employed by the firm many years, and was implicitly trusted. He carried his stock with him and traveled over a wide territory.

It is said that the shortage was discovered sometime ago. Caro on his return to Chicago was confronted with the accusation. He denied the charge, but a warrant was secured by Martin Madison, head of the firm.

KILLED SWEETHEART.

And Then Shot Himself and Will Die.

New York, Aug. 31.—Rene Sanne, aged 24, a Norwegian girl, was killed here by her fiancé, Rudolph Williamson, aged 28, who had paid her passage from Norway in order to "make her his wife and to whom she had broken her promise to marry him. Williamson shot himself and will die.

Taft Starts For Japan.

Manila, Aug. 31.—The transport Logan, carrying Secretary Taft and party, sailed for Japan and previous to its departure a notable demonstration was made by the natives, who sent many presents to Miss Roosevelt.

President to Make Renewed Effort for Meeting of Hague Conference

Washington, Aug. 31.—It is regarded here as probable that immediately upon the conclusion and final signature of the treaty of peace between Russia and Japan there will be a renewed effort to secure another meeting of The Hague conference in accordance with President Roosevelt's suggestion to the Powers last spring.

Following the original proposition for a re-assembling of the conference the President sent out a second circular note, notifying the Powers that in his judgment further proceedings in connection with the call should be left to the resident council at The Hague.

The state department has learned since then that nearly all the Powers addressed while accepting the pro-

ject, qualified their acceptance of the proposition, with the statement that the new conference should be deferred until the conclusion of hostilities between Russia and Japan.

The matter has rested as far as the state department is advised and it probably will require the issuance of a third circular note to set the wheels in motion and bring about the desired conference.

Any of the signatory Powers might feel disposed to put forth such a note but on the whole, it is regarded as rather more probable that President Roosevelt will complete the movement he has initiated and soon after Secretary Root's return to Washington the President will advise him touching the issuance of the necessary remainder.

Theatrical Notes

Milton and Sargent Aborn's elaborate revival of "The Fortune Teller" opened its season on Monday, August 28 at Newark, N. J., to a crowded and enthusiastic audience. The title role originally played by Alice Nelson, is in the hands of Grace Orr Myers, who proved a happy surprise in this exacting part.

Among the many interesting scenes and situations in "A Thoroughbred Tramp," the new third act, that of the hospital ward is probably the most effective, where in three distinct scenes is shown the reception room, together with the male and female wards with its patients strewn about, and where a poison plot is concocted and exposed to the full satisfaction of the audience. In the first and second acts comedy predominates though the dramatic situations are strong and in the last act much originality is displayed by the author in righting the wrongs of the innocent. "A Thoroughbred Tramp" which has been a continued success since its birth, will be seen at The Kentucky Labor day, matinee and night.

DEPUTY MARSHAL GOT IN ALL RIGHT

Major Saunders Was Held up by Quarantine Officers.

He Showed Them Health Certificate Badge and Commission, But It Took Him 44 to Get In.

CAIRO'S TROUBLES MANIFOLD

Deputy United States Marshal G. W. Saunders had an amusing experience in Cairo the other day. He went there in the discharge of his duty, and was stopped outside the city by two guileless looking young quarantine inspectors.

One stood on one side of the major and the other on the other, and the major good naturedly halted and humored them, although the men did not look half as large as they evidently felt.

The major first showed them his health certificate. It wouldn't do, they said.

He looked at them right hard, and pulled out his U. S. badge. It might as well be a tin whistle so far as they were concerned, they said. It wasn't at all the "open sesame" to Cairo.

The major was patient. He then drew from his pocket his commission as a United States officer, and they read it through, handed it back, and said if that was all he had he might as well hike back to Paducah.

But it was not all the major had. The major is of necessity equal to all emergencies. He played his trump card by pulling his 44 Colts (and showing them that. Their eyes began to bulge, for they weren't used to guns of the Kentucky calibre. The major, after he had let them have a good look, informed them that if they didn't run along leeward he would handcuff them together and bring them to Kentucky for interfering with a federal officer.

The word "Kentucky" and the memory of that 44, had the desired effect, and the major got in Cairo, and he got in on a Paducah health certificate, too.

Down in Cairo, however, they are still at war with one another. People from the Egyptian city say, it is the first time Cairo was ever good. It's dead. The sheriff and quarantine officers have buried the hatchet, but others are having their troubles. The Bulletin of today says:

"In open defiance of the quarantine regulations of the city of Cairo and the state of Illinois, which is being enforced by the officers of both the city and the state boards of health, Capt. N. H. Thistlewood, for the second time entered Cairo yesterday morning without a permit.

Action regarding Capt. Thistlewood's open defiance of the law will undoubtedly be taken.

"Dr. George Thomas Palmer, netting secretary of the state board of health, stated to the Bulletin last night that he had nothing to say regarding the matter but added that the people could rest assured that no violation of the quarantine regulations would be allowed to go unnoticed.

"Tuesday Capt. Thistlewood came from his home in Mounds to Cairo. He was asked to show his health permit and loudly asserted that he did not and would not have one and that the quarantine was all a farce. The inspector ordered an officer to take him in charge but in the crowd and excitement that followed Capt. Thistlewood left and walked up the street in company with Sheriff Roche. The officer, thinking that the sheriff had him in charge did not interfere. "Yesterday morning Capt. Thistle-

wood repented the performance. Assistant Secretary Palmer was on the scene with Chief of Police Egan. Capt. Thistlewood again defied the quarantine officers and Dr. Palmer asked Chief Egan to take him in charge, but before this could be done several friends interfered and strong talk was indulged in, and seeking to avoid any scene that could not have resulted unpleasantly for all concerned Dr. Palmer ordered the police not to interfere.

This, however, is by no means the end of the trouble and developments of an interesting, if not sensational character, may be safely looked for."

Concerning the trouble with the sheriff the Bulletin says:

"Yesterday afternoon Dr. James A. Egan, secretary of the state board of health, served upon Sheriff James A. Roche an official demand that the sheriff assist in the enforcement of quarantine regulations as provided in the statutes. It is understood that the sheriff on receipt of this formal order, communicated to assistant Secretary Palmer his acquiescence. This terminates the friction and threatened rupture between the state health officers and the sheriff, the sheriff having formally accepted the charge of associating with the state board in every way."

LATE BASEBALL NEWS

Kitty Players Sold.
Vincennes, Ind., Aug. 31.—Manager Kolb today wired from Paducah that he had sold pitcher Johnny Duggan to Manager Finn, of the Nashville club, for \$250. The news came as a surprise, as it had practically been arranged that he be sold to Indianapolis. Duggan is to report at Indianapolis September 7. Infielder Hipperi has been sold to Rock Island for \$150. A deal is on with Nashville for Couper, who batted .301 this season and who led the league in long distance hitting, getting ten home runs, six three baggers and 42 two baggers.

Wilder Wins One.
Kitty league players continue to win in larger leagues, as Percy Wilder's feat for Evansville against Wheeling, Va., Tuesday proved. Wilder was with Cairo and went to his home in Evansville to play after the league disbanded. He defeated the Virginia bunch by a score of 5 to 4. Wilder allowed but 9 hits and had one error behind him.

SIX PAIRS OF TWINS.

Reveal an Extraordinary Curse and Its Results.

Allentown, Pa., Aug. 31.—When Mr. and Mrs. Allen C. Deppe, of Hickory Run, at the age of forty years became the parents of twenty-three children, upon the arrival of their sixth pair of twins last week, there was fulfilled an extraordinary curse.

A little more than twenty years ago Mrs. Deppe was Miss Elizabeth Searfass, and was living with her parents, Mr. and Mrs. Timothy Searfass, at Albrightsville. She was engaged to the son of a neighboring farmer when Allen Deppe appeared. After a short acquaintance, lasting only a few weeks, Deppe and Miss Searfass eloped and were married.

The bride's parents and the neighbors, with whom Deppe had made himself popular, took the elopement in good part and counted it a joke on the other fellow. The jilted fiancée, however, was terribly disappointed. Instead of congratulating the bride, he uttered an imprecation, wishing she would become the mother of the largest family ever known, including six pairs of twins.

Alleged Grafter Proves Innocence.
Milwaukee, Wis., Aug. 31.—The Wisconsin rendering company, from whom Charles F. Pfister, the millionaire, was accused of having stolen \$14,000 and for which the grand jury recently indicted him, has confessed judgment to Pfister on \$6,500 notes Pfister held against the company and thereby practically disproved the grand jury charge. Pfister will now go into criminal court and force the district attorney to prosecute him.

A man's most distant relatives are those who have the most money.

People's Independent Telephone Co.

MANY QUESTIONS

Are Being Asked Hotel Managers by Mail and Wire.

The local hotels are daily in receipt of many letters from all over the country making inquiries relative to quarantine conditions in this part of Kentucky. Most of the letters are from concerns that have traveling men in this territory.

One firm had engaged sample rooms for its drummer, who was coming in a few days with a big holiday line of goods. On account of the confusion incident to the quarantine, however, the house today countermanded the order for rooms, and stated that it would not send its man until things became straightened out.

In addition to the strict business inquiries, some of the letters are very foolish, and ask all manner of

stupid questions. One would not imagine that there were so many fools in the world until he read a few of such letters.

One woman enclosed a newspaper clipping announcing that Paducah would quarantine against nothing, and then asked if it were true "that Paducah had quarantined against the world."

THE NORTHWESTERN'S

Interest and rent receipts last year over paid its death losses by a million three hundred thousand dollars. It's savings in other departments were just as remarkable. Protect your life in the Northwestern.

MUCH STREET WORK HAS BEEN DEFERRED

Most of Kentucky and Jefferson Street Work Next Year.

Board of Works So Decides—Street Cleaning Discussed and Acted Upon.

FEW STREET NAMES BE PUT UP.

The board of public works met in regular session yesterday afternoon with all members present and took definite action on several matters.

One of the most important steps taken was in regard to the street improvement work on Jefferson street and Kentucky avenue. The board decided that only the brick street work be done this year, the bitulith work being deferred until next spring. This means that residents and property owners on Jefferson from Fifth out and on Kentucky avenue from Fourth out, will not have to pay for this work before next year. The postponement was ordered because of the fact that in cold weather it is hard to put down the bitulith compound.

The board ordered that the street inspector furnish 400 loads of dirt taken off the streets to be improved, to Riverside hospital and used to grade the yard.

The board also ordered the immediate construction of a concrete sewer on Caldwell street to take the place of the second bridge, which is dilapidated and unsafe. The street car and railroad companies agree to fund a certain part of the expense of material.

The board ordered street numbers placed upon corners within the sewer district. This will entail an expense of about \$100, a cheaper grade of posts to be secured which will mean a curtailment of expense.

Secretary S. A. Fowler reported that he had been in correspondence with a Lexington concern and ordered a machine for placing oil on streets and with the Standard Oil Co. for oil, and will shortly have everything here and try using oil on the streets.

The board ordered one Tiffin dump cart as an experiment. These carts are for a single horse and being light and easily managed, will be an improvement over the present cart. It is thought.

The board also ordered one patent hand street sweeper which takes up the dirt from the street the same as a carpet sweeper. This was ordered for an experiment with no cost to the city, the firm standing the expense of the trial.

It was also reported that a representative from the Stewart Sewer Cleaning Machine Co., of Boston, will be here shortly to give a demonstration with his machine, which is now at Cairo.

City Engineer L. A. Washington reported on matters referred to him and furnished estimates for work on Third street. The total estimates for work as far as it has gone amounted to \$12,843.92, and was approved.

City Auditor Alex. Kirkland reported the results of his trip to the League of American Municipalities at Toledo. He stated that the general inclination all over the country was for each city to clean up its own streets, and gave several illustrations of street cleaning. There is a flush tank wagon with an air pump attachment which is used on improved brick and bitulith streets and the board will investigate and probably order one for an experiment.

The city solicitor reported several ordinances prepared for presentation to the boards. Among the ordinances is one for the improvement of West Jefferson street from Fourteenth to Twenty-fifth streets by pavements, gutters and curbs.

There were several other matters of minor importance taken up and referred for future action.

PUT OUT CAT'S EYES.

And the Judge Fined Him Fifty Dollars.

Huntington, W. Va., Aug. 31.—Charles Birnhouse was fined \$50 by a magistrate for destroying the right eye of a gray kitten.

The kitten, a favorite pet of little Mollie Rose, was trotting across the sidewalk in front of the Rose home. Birnhouse was passing with a riding whip in his hand. With a stroke of the whip he destroyed the kitten's eye, and the little girl became wild with grief.

Later, on the advice of friends, she went before Humane Officer, S. Potts and told her story. He ordered Birnhouse arrested. Birnhouse confessed his guilt.

Stutz's Soda Water

KENTUCKY NEWSLETS

Call Extended.

Hopkinsville, Ky., Aug. 31.—The Rev. Edward H. Bull has been extended a call to the pastorate of the First Presbyterian church of this city. Rev. H. Bull has been serving this church as stated supply for the past year, during which time his work as pastor has been greatly beneficial not only to his own church, but to the city generally. Mr. Bull is at present visiting in Frankfort and New Albany, Ind., and the meeting at which it was decided unanimously to extend to him the call, was held in his absence.

Sewerage System.

Hopkinsville, Ky., Aug. 31.—The work of putting in the sewerage system for this city was begun this week the first real work being the breaking of ground for the erection of the septic tank which will be used. Robertson & Gardner, of Paducah, who secured the contract for putting in the sewers, have arrived in the city with their outfit and will begin work at once. The system will be built and operated by a company composed of local capitalists.

Asylum Trustees Resign.

Louisville, Ky., Aug. 31.—It developed yesterday that Charles P. Hebler and Dr. C. Van der Kapi have recently resigned from the board of trustees of the Central Insane asylum at Lakeland. Their resignations were sent to Gov. Beckham about two weeks ago, but their successors have not been appointed. Inability to give the places their time is the cause assigned.

Death in Calloway.

Murray, Ky., Aug. 31.—Mrs. Elizabeth Jane Allen died at the home of her daughter, Mrs. Dollie Caid, in this city. Her death was due to old age. She was in her 81st year. Her maiden name was Alexander. She was born in Maury county, Tenn., but resided in this county most of her life. Her husband, Matthew Allen, who died in 1896, was one of the old settlers of this county. He served his county one term as jailer.

Mrs. Allen is survived by five children, F. L. and J. L. Allen, sons, and Mrs. C. D. Holt, Mrs. Dollie Caid, and Mrs. William Pool, daughters.

Misinterpreted Order.

Louisville, Ky., Aug. 31.—A misinterpreted order issued to agents of the Illinois Central railroad in the quarantine districts had led a number of Louisville merchants to make complaint to the railroad officials. The order as it was understood gave the impression that Louisville had established a quarantine against the infected districts, and this caused a number of buyers from the south to make their purchases in St. Louis instead of Louisville, as they have been doing. Acting immediately, the railroad issued orders correcting the impression created and which they claim cannot be misunderstood.

Editor Accidentally Shot.

Henderson, Ky., Aug. 31.—Edgar A. Jones, editor of the Henderson Journal, accidentally shot himself at his residence here yesterday. Mr. Jones was alone at home, his wife and daughter being at Owensboro. At 5 o'clock he heard noises that led him to believe burglars were in the house and he started on a search with a revolver. As he was in a hallway he stumbled and fell, and the pistol was discharged.

The ball entered the left breast at a point near the nipple and penetrated the lung.

Mr. Jones was able to call by telephone for his father-in-law, Dr. Dixon, who lives next door.

He is resting easy, and while his condition is serious it is believed he has a good chance for recovery.

Street Cares for Hoptown.

Hopkinsville, Ky., Aug. 31.—The mysterious visit of two strangers, who stated that they were here for the purpose of putting in a street railway system should proper inducements be offered, has caused considerable interest here. The strangers would not give out anything regarding their plans or what they really

Yucatan Chill Tonic

Perfectly Made IMPROVED Positive Cure

A medicine to produce results must be made right. Tasteless Chill Tonics are not and we will prove it. No two bottles of Yucatan Chill Tonic have the same amount of medicine, so the dose is uncertain. At least 20 percent of the medicine remains in the bottle. A tasteless tonic cannot usually be retained as it upsets the stomach. More lost action. They are not tasteless, as the acids dissolve the quinine producing that awful choking of the bottle. Then, every time a dose is taken that awful shaking of the bottle. Then, the more you take the sicker you get. A medicine that overcomes all these faults is what the people and the profession are looking for. They will find it in Yucatan Chill Tonic. One bottle is worth a dozen of the tasteless kinds. Yucatan is the only tonic that drives the malarial germs out of the system. Wonderful results when used in cases of typhoid and malarial fevers. Physicians who wish to prescribe this tonic under an official name will receive valuable information and literature by addressing:

Price 50 cents. Sold by all dealers.

Daily Thought.

"Thoughts are heard in heaven."

THE GREATEST MAN OF THE AGE
Had it not been for President Roosevelt, there would have been no peace.

The telegrams, cablegrams, and letters congratulating the president of the United States on his admirable feat in bringing about peace between Russia and Japan are not tokens of fulsome praise, but are messages of gratitude and admiration. All over the civilized world it is admitted that had not President Roosevelt stepped into the breach at the right time and in the right way, the peace conference would have been over by this time, and hostilities renewed.

A Berlin cablegram says: "President Roosevelt has become the first figure in international statesmanship—that is what Berlin thinks of the result of the Portsmouth conference. The foreign office says unreservedly that without the President's personal exertions, supported by his unique position and the power of the United States, peace would not have been attained and that Germany and the whole world will benefit by the statesmanship shown by the Washington government."

This is the tenor of them all, and needless to say, the president is glad his efforts were so successful.

The magnitude of the achievement can hardly be fully realized. Peace means the salvation of no telling how many human lives, and the saving of millions and millions of dollars in money and property.

It is almost incredible that one man, backed by the knowledge that he had the interests of humanity at heart, a courage that never wavers, and an excellent judgment in carrying out his ideas, could accomplish so much in such a brief period of time, yet it has been done, and the world realizes and acknowledges that it has been done well. It would be too much to say that President Roosevelt could have done this without the assistance and consent of Russia and Japan, but it is equally as true that Russia and Japan would not have come to terms but for the good offices of President Roosevelt.

The names of many great men have been immortalized by great battles fought and won, by rivers of blood that were shed and by the amount of valuable ships and other property destroyed. But what history can live long enough, what monument be great enough, to adequately commemorate the name of America's greatest man, Theodore Roosevelt, or to fittingly chronicle his achievement in ending the greatest and bloodiest war in the world's history?

How about that vanned mosquito theory now? New Orleans has been fighting mosquitoes for months. There are doubtless myriads of the insects left, but few in the residences. Few houses are without screens. The churches are screened. Every house

about the various feet has been thoroughly fumigated and the mosquitoes killed. Yet the pestilence spreads. It appears in some new place every day, and attacks people who for months had had the mosquito theory dinned into their ears. They had taken pains to exterminate the mosquitoes and to keep killing what few might get through the screens. Yet they contracted the malady, and many of those who live to tell the tale will no doubt be willing to make affidavit that they didn't contract the fever through the medium of a mosquito bite. It is all right to hold that mosquitoes help spread the yellow fever, but to say that yellow fever can be spread only by mosquitoes is stretching it a little too far. It is asking people of this enlightened age to believe too much. Havana has practically wiped out yellow fever, but it was by cleaning up the city, not by killing the mosquitoes. There are just as many mosquitoes there now as ever.

The press teems with accounts of "Japan's magnanimity" in backing out of the indemnity question. The fact in cold type, though, is probably that Japan was not actuated by any such motives, but was convinced that if she continued the war, which she would have had to do if she had insisted on an indemnity the result might have been entirely different from what Japan and the world expected. It was better to withdraw gracefully with the bouquets than to stay on too long and possibly get licked in the long run. Japan didn't end the war through any regard for humanity, but no doubt because it was pointed out to her as the best policy.

There should be some way to prevail on the general council to extend the sanitary sewerage to the high school building on Broadway. It is badly needed, and has been for several years. If there were nothing along the line of proposed extension except the school, the improvement would still be fully justified, but there are living along the route scores of the best citizens in Paducah, and they want and are entitled to sewerage, and want it badly. It is to be hoped that the city will take immediate steps to extend the sewerage if it has to borrow the money.

MRS. WILHITE

Found Badly Beaten—Her Son Was Arrested.

Mrs. WilHITE, a resident of "Dogtown" was assaulted this morning about 1 o'clock by some unknown person and her head badly beaten, cut and bruised.

The woman was found in her house lying in a pool of blood and in a semi-conscious condition. They carried her to Riverside hospital where the injury was dressed. The police have been able to find out little about the matter, but have arrested Bud, Dunn, her son, on suspicion and he is being held pending the investigation.

Dunn also owes the city a fine, it is said, and was arrested on a capias. The woman is better today, but was unable to be at court and the investigation will be held tomorrow.

NOTICE.

A MEETING CALLED OF COMMITTEES

To Decide on Nominating Republican Candidates Here.

Messrs. W. H. Farley and L. B. Ogilvie Were Yesterday Afternoon Appointed Officers.

DEMOCRATIC COMMITTEE MEET

A meeting of the city and county Republican committees has been called for tomorrow night, Sept. 1, for the purpose of deciding on the time and manner of nominating candidates for city and county officers.

It is likely that precinct conventions will be called to take place in about thirty days, and these precinct conventions will elect delegates to the city and county convention, which will make the nominations.

All citizens, irrespective of politics, will probably be invited to participate in the precinct conventions, and assist in putting out a ticket that good men of all parties can consistently vote for in November.

The election commissioners for McCracken county were appointed at Frankfort late yesterday afternoon, and are W. H. Farley, Republican, and L. B. Ogilvie, Democrat.

Both of these are new men. Mr. Farley succeeds his father, Capt. Ed Farley, who has become disqualified by being elected a school trustee, and Mr. Ogilvie, a brother of the Democratic nominee for sheriff, succeeds J. C. Flournoy, the attorney.

The third member of the board is the sheriff. Until a short time ago in counties containing cities of the second class the circuit clerk was the third member of the board, and in all other counties the sheriff. The court of appeals recently decided that this was class legislation, however, and impossible, hence Sheriff Lee Potter, Mr. Ogilvie and Mr. Farley now constitute the election board in McCracken county.

Chairman W. A. Berry has called a meeting of the Democratic county committee for September 9 to take some action in regard to the non-acceptance for corner of McCracken county. There are several candidates, and the committee will not find it easy matter to decide on how to make another nomination and satisfy the candidates.

SLASHED WRISTS.

Young Man Couldn't Get Into Hospital and Wanted to Die.

Hopkinsville, Ky., Aug. 31.—The passengers on a Tennessee Central train were much interested in a man who was on the train with his wrists bandaged and who attempted suicide at Clarksville. The man gave his name as A. G. Johnson and claimed to be from Dickson, Tenn.

He went to Clarksville and tried to get into a hospital and receive attention. Failing in this he went to a store and asked to be shown a razor and when the clerk handed it to him he walked up front as if to examine it. When he had separated himself from the other people in the store he made two gashes in his wrist in an attempt to sever the artery, but the clerk caught him before the vessel was cut. Johnson begged to be allowed to kill himself, stating that death would be a relief to him.

He was put on the Tennessee Central train and brought to this city last night where he staid until this morning when the authorities sent him to Nashville. He is undoubtedly in poor health, but he is also a morphia fiend, and stated that he had taken fifteen grains of the drug before leaving Clarksville and that he had a similar supply for this morning. Some people who saw him claim the gashes were very slight while others say that they were deep and dangerous looking and that when Johnson saw the blood he thought he was going to die sure enough and he, himself, caught his arm above the wrist and stopped the flow.

DEPUTY SAUNDERS

Withdraws His Request For Leave of Absence.

Deputy U. S. Marshal George Saunders has withdrawn his application for a ten-days' leave of absence on account of his wife's illness at Mayfield. Marshall Saunders intended attending the national meeting of the G. A. R. at Denver and has placed his application for a leave of absence but concluded he would remain at home, his wife not showing any improvement.

A FRIENDLY CHAT BETWEEN THE TWINS

Norway and Sweden to Settle Differences at a Conference.

The Main Question to Be Decided is As to Fortresses Norway Must Abolish.

THE DELEGATES ARRIVE

Carlsbad, Aug. 31.—The result of the opening of negotiations here today between the Swedish and Norwegian commissioners on the question of dissolution of the union is awaited with intense interest.

The question mostly discussed is as to what fortresses Sweden will call upon Norway to abolish. There is reason to believe these will be the fortresses of Fredricksten, Kongsviger, Orje and Dingsrud, but it is understood that the Norwegians will refuse to abolish those of Fredricksten and Kongsviger.

Norwegian delegates arrived last night, their hands are tied by the decision of the Storting that nothing shall be decided by them without its consent. The Swedish delegates arrived this morning.

Will Hold Conference.

Christiana, Norway, Aug. 31.—The Norwegian commissioners appointed to confer with the commissioners from Sweden on the question of dissolution of the union, left for Carlsbad last evening. All the evening papers express conciliatory sentiment and best wishes for the result of conference.

Referring to the example set by the peace conference at Portsmouth, and urging the commissioners to come to meeting of commissioners will be held at Carlsbad tomorrow.

DR. WM. BAILEY

WAS HEARD BY A CROWD OF 300 OR MORE AT CITY HALL.

Made a Fine and Convincing Talk On the Subject of Yellow Fever.

Dr. William Bailey, of Louisville, a member of the state board of health, arrived in Paducah last evening and addressed a crowd of perhaps 300 people at the city hall on the subject of yellow fever. Dr. Bailey has treated in Havana and other places over 100 cases of yellow fever, and knows a great deal about it. He thinks the germs have to be inoculated in the blood, and is a great believer in the mosquito theory.

Dr. Bailey spoke against a quarantine, either state or local, and argued that quarantines are often ineffective, and always detrimental to a city.

Dr. Bailey is 72 years old and has been a member of the state board of health for about twenty years. He is a good talker, and said the state board had done all in its power and was still doing it, for the good of the state, and also called attention to the fact that the board had recently ordered that no one from infected districts be allowed to come into the state unless he or she had a health certificate.

Those who heard Dr. Bailey agree that his address was one of the most entertaining and convincing they ever listened to. He returned home on the early train this morning.

RURAL CARRIERS

Will Have Permanent Holidays Except On Christmas.

An order was received in the local postoffice today making the regular holidays permanent for rural carriers. Heretofore the rural carriers have had about every holiday that other government employees have enjoyed, but they had to have an especial order from the department to do it.

Now the department has made the order permanent, except for Christmas. Christmas, for some reason, is not included in the list of regular holidays, but it is supposed that the carriers will have holidays Christmas just the same as other postoffice employees.

Notice.

There will be a called meeting of the Central Labor Union Thursday evening, August 31, at 7:30 p. m. All members are requested to be present. Urgency of importance.

WILL GO BACK

WALTER COLEMAN AGREES TO RETURN TO NEW ORLEANS.

On Account of Illness He Was Not Taken to Wickliffe Last Evening.

Walter Coleman, formerly of New Orleans, will be taken back to that city tonight by Detectives R. H. Stubbs and Frank Kenner, of New Orleans, to answer to the charge of box car breaking.

The young man was arrested here several days ago and a requisition secured. Through a technicality the young man was granted a few days longer, the wrong name having been written on the requisition. When the paper was served and Coleman placed under arrest, the detectives started for the train, but were intercepted by officers acting on the advice of attorneys for the young rail-roader.

Attorney Hal S. Corbett, for the defendant, took out a writ of habeas corpus before Acting County Judge Jesse Young, who ordered the boy before some circuit judge.

Sheriff Potter intended taking him to Wickliffe last night to be tried before Judge Hugg but on account of Coleman's illness, postponed the trip.

This morning Coleman agreed to return to New Orleans to stand trial, and a written agreement was signed. The agreement reads that Coleman was arrested here by the detectives and handed over to them after which the writ of habeas corpus was taken out and the prisoner given over to the sheriff. The agreement further reads that the defendant, after these admissions by the detectives, willingly goes in their custody to answer all charges preferred against him in Louisiana. They will leave with Coleman tonight.

YOU DON'T HAVE TO WAIT

Every dose makes you feel better. See how easy your whole inside right. Sold on the money back plan everywhere. Price 25c.

NO APPROPRIATION.

Yet for the Eddyville Railway to Prison.

State Prison Commissioner Geo. V. Green, who is in the city visiting his family, says the press has published many erroneous statements about the proposed electric railway from Eddyville to the branch penitentiary about a mile and a half distant, says the Hopkinsville New Era. The commission has no intention of building the road at present. There is no money in the hands of the board available for such a purpose, as any earnings under its management are turned over to the state treasurer and all bills are paid on warrants from the auditor. It is a fact that Mr. Green, acting for the board, has had a survey made and secured estimates on the probable cost of a road and its equipment. He will take those figures before the Kentucky legislature at its next session and ask for an appropriation with which to construct the line. Some of the statements made by the trade journals in reference to the proposed road have been ridiculous. One was that the board was ready to receive bids and that the road would be built before fall. Another located the Eddyville penitentiary one mile and a half from Hopkinsville.

SALE OF CHARLESTON

WILL TAKE PLACE ABOUT SEPTEMBER 13TH.

Order Was Received From Judge Evans, of Louisville, This Forenoon.

Clerk J. R. Puryear, of the federal court of this district, this morning received an order of sale in the Charleston steamboat case.
 There is an aggregate of about \$800 in libel claims for supplies, timber bills, and wages against the vessel and the order authorizes U. S. Deputy Marshal Geo. Saunders to sell the craft within ten days after proper advertising. The advertising is to be begun immediately in the Sun and the date of sale will be ten days from the initial appearance of the advertisement, on the 13th of September.

The Charleston has been running in the Tennessee river trade and the first libel filed against her was filed by the Eaton Lumber Co., of Joppa. The boat is worth \$3,000 or \$4,000, and ran in the Tennessee river trade.

IN THE COURTS

Steamboat Claims.

Shelton Brothers, \$33.31 and Charles Haydon, \$21.60 are two more libels filed against the steamer Charleston. This makes fourteen claims in all.

Boat Owed Him Nothing.

Charles Compton, formerly employed on the steamer Royal, the Paducah and Golconda packet, attempted to tie the boat up yesterday with a \$538 claim for wages, but was defeated in Commissioner W. A. Gardner's court. He claimed this amount was due him for services and the former owners of the boat and the present officers came down from Golconda and showed that all claims had been closed and the boat was not indebted to Compton. The claim was dismissed and the boat allowed to run.

Police Court.

Special Judge D. A. Cross held a brief session of police court this morning.

John Pete Baker, colored, was charged with presenting a pistol and also carrying concealed weapons, but on account of the absence of witnesses, the case was continued.

Frank Jones, colored, was fined \$5 and costs for riding a bicycle on the pavement.

Other cases were: Jake Guyler, drunk and disorderly, \$10 and costs; W. S. Stephens, white, drunk, \$1 and costs; Thos. Thompson, colored, breach of ordinance, dismissed; Will Carft, white, breach of the peace, continued.

Deeds.

Henry Tooner deeds to Mariah Anderson, property in the county, \$1,000.

Henry Tooner deeds to John Welsh, property in the county, \$25.

West End Improvement company deeds to Ida May Rock, property on Jefferson street, \$400.

West End Improvement company deeds to J. R. Rock, property on Jefferson street, \$400.

County Court.

Messrs. J. M. Engler, John Yonkers and Finn Futrell, have been appointed appraisers of the estate of J. J. Purchase.

Suits for Divorce.

Lena Hale yesterday filed suit against John Hale for divorce, alleging cruel treatment.

They are colored and were formerly arraigned in police court for troubles they had. Recently he got into trouble with the plaintiff's family and had them arrested, but the case was dismissed. The plaintiff asks in addition to a divorce \$500 alimony. Hale is employed in a boot blacking parlor in the city, and is known as "Brownie."

Florice Ousley today filed suit against Geo. S. Ousley for divorce in McCracken circuit court alleging abandonment. They married in 1902 and separated more than a year ago.

Sues for Injuries.

Mollie McDowell today filed suit against the Paducah City Railway for \$750 damages for personal injuries sustained in an accident at 8th and Trimble streets, when she was thrown from a car and her head badly bruised.

FOR SALE.

Next Friday I will sell to the highest bidder all the lumber in the tent floors, mess hulls, eighteen water barrels in good condition and other quartermaster's supplies at the camp. Bidders will call at the camp.

HARRY G. TANDY,
Quartermaster-General.

EXCURSION.

Excursion on steamer Henry Harley Sunday, Sept. 3, forty miles up the Tennessee river. Fare for round trip 50c.

People and Pleasant Events

Dance for the Third Regiment Wednesday Night.

The dance given by the young society men complimentary to the Third regiment soldier boys and Col. Henry and his staff at Wallace park pavilion Wednesday night was a very delightful affair. The pavilion was decorated with big flags and looked very attractive.

Owing to his inability to secure the pavilion for his dance Friday night Col. Henry joined the young men in giving the dance, and his regimental band furnished the music which was a feature of the evening.

Col. Henry and his staff came to the dance, escorted by the band and the bugler corp, and held a reception for a few minutes preceding the grand march.

Misses Coleman Entertain.

Misses Rella and Fannie Coleman entertained with a luncheon after the dance last night at their home on West Jefferson street. In honor of Miss Laura Jobe, of Jackson, Tenn., the guest of Miss Lillie May Winstead. Those present were:

Miss Laura Jobe, Jackson, Tenn.; Miss Lillie May Winstead, Misses Fannie and Rella Coleman, Miss Ethel Morrow; Mr. Ed Paxton, Mr. Arthur Everett, Mr. Roscoe Reed, Mr. Harry Splain and Mr. Earl Norton.

The Knights of Pythias to Entertain Col. Henry.

The local chapter of the Knights of Pythias will entertain Col. Jonett Henry, of Camp Yeiser at their lodge rooms in the Campbell building, on Broadway this evening with an informal reception to be followed by a smoker.

Col. Henry is a colonel in the uniform rank of the K. of P. and is past grand chancellor of the state, the highest state office that can be given by the order.

All members of the K. of P. are requested to be present.

Returns to Chicago.

Miss Jeanette Bernhard, daughter of Mr. George Bernhard, the retired shoe merchant, returned to Chicago last night to resume her duties as trained nurse in one of the private hospitals of the Windy City. Miss Bernhard was born and reared in Paducah, and three years ago began studying to be a trained nurse. She is one of the few Paducah girls who has graduated with honors from St. Mary's hospital in Chicago. She will now install herself as a nurse in a private institution, preferring this to the public hospitals.

Is Well Known Here.

Prof. and Mrs. G. W. Dodd and children passed through the city yesterday afternoon en route to Nashville from Cadiz where Prof. Dodd will teach vocal music in Boscobel college.—Hopkinsville New Era.

Prof. Dodd formerly lived in Paducah and has many friends here.

An Entertainment for the Y. M. C. A. The ladies committee of the Y. M. C. A. will give an entertainment for the association at The Kentucky about September the 15th.

Miss Elizabeth Gregory, who has been visiting Miss Marjorie Scott, returned to her home in Louisville this morning.

Miss Mamie Bauer and Miss Eva Bauer left for a few days' stay at Dawson.

Mrs. E. R. Yost returned to her home in Greenville this morning after visiting relatives in the city.

Mr. George Dicken went to Greenbrier, Tenn., to visit relatives.

Mr. H. V. McKinney, of Evansville, returned home this morning after visiting Mr. R. W. McKinney.

Dr. C. M. Childress has returned from New York, where he took a post graduate course in ear, eye and nose treatment, his specialty.

Miss Virginia Newell leaves today for Toler, Texas, on a visit to her sister, Mrs. David Bonnar Sweeney.

Attorney C. C. Gresham left for Smithland this afternoon on legal business.

Mr. W. L. Brainard has returned from Chicago.

Clerk Dan McFadden, of the post office, returned this morning from a visit to St. Louis.

Mrs. G. F. Phillips, wife of the cashier of the Wharftoat Co., is able to sit up after a severe attack of malarial fever.

Attorney Tom Crice has gone to Marion, Ky., on business.

Mr. Charles Goodman will leave tonight for Seattle, Wash., and California.

ANOTHER ATTEMPT.

To Kill Herself Made by Annie Cartwright.

Annie Cartwright attempted suicide this morning by taking 25 cents worth of morphine. She lives on Burnett street but after taking the drug went to the house of Emma Martin, near 13th and Clay, and went inside. The Martin woman is ill and without saying a word the Cartwright woman fell across the bed and form of the Martin woman and became unconscious.

Dr. B. T. Hall was summoned and after several hours work succeeded in getting the drug out of the system. This makes about the fourth time, it is said, the woman has attempted suicide recently.

School Board Meets.

The school board will meet tonight in called session to discuss the proposed extension of the sewerage system to the High school building on Broadway.

Called Meeting.

The school board will meet tonight at the Washington building to discuss matters of importance. All members are requested to be present.

H. F. WILLIAMSON,
President Board of Education.

—Mr. and Mrs. W. A. Horton, of Tyler, are the parents of a boy, born this morning.

HARD TO GET RID OF.

The City Cannot Get Its Price for Old Hospital.

Mayor Yeiser has been instructed to sell two lots at the foot of Elizabeth street, the property of the city and a few days ago sold a piece of property at Tenth and Clay, but there is one piece of city property which is hard to get rid of, and this is the old city hospital property.

Mayor Yeiser was ordered to sell for \$3,500 but has been able to secure but one bid, for \$2,500. This was a private bid and it was not considered. Mayor Yeiser will not sell for less than the fixed amount and the property from every indication will go begging for sometime.

Settled Herndon Loss.

The insurance adjusters have settled the insurance on the property of T. W. Herndon and Co., destroyed in the recent fire. The insurance company settled in full paying \$6,000 for the office fixtures, machinery, etc.
